Daniel Bradley's life is so shattered when his wife is killed in a car accident that he quits his job and goes to Hawaii. Under the blue tropical sky, he lives simply in a shack at the foot of a Mountain. After a time his mind becomes so clear that he begins to get messages from the higher realms. The refined energies of pure love and pure truth. At first he fears that he is going mad. But then he begins to embrace what he hears, and this changes his life. The messages themselves are actually from genuine channelling and will truly amaze the reader. Timeless knowledge and wisdom beyond question. The Voice of the Mountain is also a compelling and fast paced story. The stunning climax will have the reader on the edge of their seat. It shows that even in the face of great adversity, the human race and indeed the earth itself can persevere if we keep our hopes alive. The Voice of the Mountain will change the way you see the world.
