THE BEAST STALKS THE NIGHT! The change comes on with startling speed. Moonlight transforms the kindly stranger into something else--something wild, vicious and beyond the reach of reason. The curse has taken hold. From dark urban alleys and fog-shrouded heaths to unsettling futurescapes and fantastic realms, the battle against the beast within creates heroes or horrors. Only the light of the full moon reveals which it is that you face: your savior or your doom. Curse of the Full Moon presents a remarkable collection of works that examine the legend of the werewolf from a wide variety of insightful and inventive perspectives. With stories from world-renowned voices in horror and fantasy such as: Peter S. Beagle Ramsey Campbell Jonathan Carroll Nancy A. Collins Charles de Lint Harlan Ellison Neil Gaiman Barb Hendee Joe R. Lansdale Tanith Lee Ursula K. Le Guin George R. R. Martin Michael Moorcock Gene Wolfe and many more About the Editor James Lowder has helmed more than a dozen critically acclaimed anthologies, including The Book of More Flesh and Hobby Games: The 100 Best . He's also authored the best-selling dark fantasy novels Knight of the Black Rose and Prince of Lies .
