Charge of the Champions, the fourth book in Kevin Gerard's Conor and the Crossworlds series, launches Conor and the Champions into the Shadow World to confront the mighty armies of Seefra, the master of darkness, in a cataclysmic battle between good and evil. But before they can get underway, Conor must escape from the horrifying cell of shadows, travel through time and resurrect the group of seven, and find the patience to follow Maya's plan to save his girlfriend, the five keys of the creators, and the Crossworlds...
