Homeschooling his daughter is new to devoted single father Ian Ferguson. To ensure his child gets a good education, the busy CPA hires a temporary tutor. Twenty-three-year-old college student Alexa Michaels is too young--and too pretty--to be right for the job. Yet his daughter is coming out of her shell "and" learning. Still, Ian is traditional, and sweet Alexa--who graduated from the school of hard knocks--is challenging some of his old-school ways. Can this dad learn some valuable lessons about love, family and faith from the least likely teacher?
