The Devil's Rat Pack Satan is your host and his guests include Beezlebub, Druscilla Marie d'Lambert (Wicca Girl) and Cheralyn Rose Moscowitz (Daughter of Darkness). The drinks are strong and a coven of master storytellers--C.J. Henderson, James Chambers, John L. French, R. Allen Leider and Richard Dean Starr--impart tales of strange and unearthly things. Sip your bubbling brew and hear of a dragon who prefers bacon to virgins; the cannibal curse of Aleister Crowley; a kindly grandfather accidentally transformed into a blood-thirsty zombie; two complete case files of supernatural investigator Bianca Jones; soul-searching and snatching in the most perverse manner; a Holocaust survivor's bizzare revenge goes amok; cowardly reprobate Darby goes to Hell to help a friend; the Devil's three sons--Moe, Larry, and Curley--foul up the Apocalypse; the ancient Syrens plot world domination via the recording industry; and many more accounts of the supernatural. Bonus: New Scotland Yard enlists MI-6 agent Wicca Girl--Druscilla, Queen of Witches--to capture a 300 year-old serial killer. Have a seat and join the party You never know who you'll meet in THE HELLFIRE LOUNGE
