出版时间:2010-1

装帧:

isbn:9780495904328

This best-selling comprehensive book conveys the relevance of sociology by including a timely collection of theories, research, and examples, including its signature first-person accounts that open chapters. Experiences represented in the chapter openers accurately mirror the richness and complexity of society itself while also

establishing the themes that are carried throughout the chapters. The author's vivid, inviting writing style, emphasis on applications, eye for the most compelling current examples, and use of assignable photo-essays and companion video engages readers and further highlights sociology relevance to all students. Kendall's text is acclaimed in the field for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism.
