The perfect wildlife companion -- everything you need to know about the countryside and the award-winning BBC TV show BBC TV's Springwatch is one of the most watched programmes on BBC2. Springwatch by Bill Oddie, Kate Humble and Simon King brings

together the three presenters who take you behind the scenes of Springwatch: introducing you to the real stars of their TV show -- the wildlife you can find in Britain. Bill, Kate and Simon take you on your own personal tour of the British countryside and introduce the places and animals that have made the series such a fascinating introduction to the countryside. Bill and Kate concentrate on the Devon Farm, from where the main series is transmitted, while Simon takes you to the wildlife spots around Britain that he has visited in all the Springwatch and Autumnwatch programmes. You will be introduced to all the plants, animals and birds that you have seen over the last three years, plus a few you will see in the future: otters, kingfishers, orchids, trees, sea birds, barn owls -- every wildlife star is featured. As well as giving their personal memories of each star, Bill, Kate and Simon have also enlisted the help of the wildlife people who have helped them with the programmes to give you fascinating minibios of these species, allowing you to understand why they do what they do. We also go behind the scenes to see how the programme is put together -- with details on the special tricks that they use to bring live wildlife to the TV -- as well as Simon's special tips on how to get close to the some of Britain's more elusive animals. The combination of Bill, Kate and Simon and the wildlife of Britain has been an enormous success on TV. This book adds to this unique recipe with even more background info and behind the scenes stories to bring you the wildlife book of the year.

啊哈哈哈哈啊哈哈

居然没有关注，从去年开始看SPRINGWATCH系列就深深的喜欢的，虽然生肉看的不太过瘾，但是也比没有强。能把他们那么个小地方的wildlife弄的那么好，真的是太好了，今年发现美国也搞了一集watch，chris也上了，啊哈哈一个英语一个美语，频道调不过来啊。加上winterwatch，绝了。好节目推荐。
