Featuring lucid and conversational prose and a well-chosen, reader-friendly array of succinct excerpts from canonical primary sources, ARCHETYPES OF WISDOM: AN INTRODUCTION TO PHILOSOPHY, International Edition brings philosophy to life for readers. Extremely reader friendly, this test examines philosophies and philosophers while using numerous pedagogical illustrations, special features, and an approachable page design to make this oftentimes daunting subject more engaging. The Seventh Edition represents a careful revision, focused on enhancing the book's reader-praised

search for wisdom motif. This edition is supported by an unmatched array of teaching and learning resources including an online resource center with dynamic, easy-to-use lecture and class preparation tools.

About the Author

Douglas Soccio was professor of philosophy at Shasta College from 1975 until 2001. In addition to ARCHETYPES OF WISDOM: AN INTRODUCTION TO PHILOSOPHY, 7E, he is the author of HOW TO GET THE MOST OUT OF PHILOSOPHY, and, with Vincent E. Barry, PRACTICAL LOGIC, all of which are published by Wadsworth. For three years he wrote a weekly philosophy column for the REDDING RECORD SEARCHLIGHT. Now devoted to writing on a full-time basis, he is presently developing a collection of philosophical stories that express what he describes as "philosophy with a heart", a generous notion of philosophy that infuses all of his writing.
