Sir Arthur Conan Doyle's timeless creation returns in a new series of handsomely designed, long out-of-print detective stories. From the earliest days of Holmes' career to his astonishing encounters with Martian invaders, the "Further Adventures" series encapsulates the most varied and thrilling cases of the worlds' greatest detective. When Harry Houdini is framed and jailed for espionage, Sherlock Holmes vows to clear his name, with the two joining forces to take on blackmailers who have targeted the Prince of Wales. It's a case that requires all of their skills - both mental and physical. Can the daring duo solve what people are calling 'The Crime of the Century'?
