著者:Patricia Johnson

出版者:Cengage Learning

出版时间:1999-11-2

装帧:Paperback

isbn:9780534575977

This brief text assists students in understanding Heidegger's philosophy and thinking so that they can more fully engage in useful, intelligent class dialogue and improve their understanding of course content. Part of the "Wadsworth Notes Series," (which will eventually consist of approximately 100 titles, each focusing on a single "thinker"

from ancient times to the present), ON HEIDEGGER is written by a philosopher deeply versed in the philosophy of this key thinker. Like other books in the series, this concise book offers sufficient insight into the thinking of a notable philosopher better enabling students to engage in the reading and to discuss the material in class and on paper.
