Fully revised and with a scale of 4 inches to 1 mile, this handy full-color street atlas features clear, detailed mapping with a guide to places of interest in Dublin. A useful information section offers details on local hospitals, police stations, parks and gardens, theaters and galleries, libraries, other places of tourist interest, and where to go for help and advice. Other features include car parks and railway stations; a full index to streets; and route-planning mapping showing places of tourist interest in the countryside surrounding Dublin. The mapping extends from Beaumont in the north to Dundrum in the south, and includes Castleknock and Phoenix Park in the west over to the coast in the east. The handy format and wealth of information in the product make it an essential purchase for visitors. The large area of coverage and clarity of the mapping will mean that residents and business users will also find it an invaluable product.
