In another age, power is balanced among four great nations: Water, Earth, Fire, Air. Leaders of each nation are able to manipulate--bend--their native element. Only one bender, the Avatar, whose spirit is reincarnated through the years, can master all four elements--and is the one who can maintain the world order. When the Avatar disappeared a hundred years ago, the Fire Nation attacked. All hope was lost... until the arrival of Aang, a twelve-year-old Airbender, who reveals himself as the new Avatar. And he must now save the world from being dominated by the Fire Nation. This live-action movie tells the story from the the first season of the original TV series.
