"Explorers" is a new first reference series for children of six and above: those who are just starting to read alone and more confident readers who are beginning to exercise wider reading and cross-referencing skills. Lively, story-based artwork scenes draw children into a subject, and each scene is followed by a photographic information spread that gives a wealth of extra detail. As a fun, extra, interactive element, coloured

'journey link' buttons allow readers to choose their own path through the book. In "Oceans and Seas", explore rock pools, coral reefs and shipwrecks, and meet the fascinating creatures that live in the world's waters.
