“Clear, coherent, richly documented, and highly persuasive. I know of no other source devoted exclusively to the topic of Chinese women’ s biographies, and I am confident that this book will have a ready audience in the China field and beyond.” -Paul Ropp, Clark University

“In addition to Liu Xiang’ s Lienü zhuan, the Urtext of Chinese women’ s biography, this rich trove of essays explores previously unexamined biographical genres and mines literary texts for their biographical potential. It will be of great value to scholars interested in women’ s history, life-writing, and biography, both in the China field and in comparative contexts.” -Grace S. Fong, McGill University
