Power. We all want it, they've got it - witches, warlocks, sorcerers, necromancers, those who peer beneath the veil of mundane reality and put their hands on the levers that move the universe. They see the future in a sheet of glass, summon fantastic beasts, and transform lead into gold... or you into a frog. From Gandalf to Harry Potter to the Last Airbender, wizardry has never been more exciting and popular. Enter a world where anything is possible, where imagination becomes reality. Experience the thrill of power, the way of the wizard. Now acclaimed editor John Joseph Adams (The Living Dead) brings you thirty of the most spellbinding tales ever written, by some of today's most magical talents, including Neil Gaiman, Simon R. Green, and George R. R. Martin.
