The chronicle of a trip through the excesses of cocaine, sex, marihuana, and alcohol against a backdrop of cynicism, pain and numbness. Matías Vicuña is a 17 year-old member of the elite in the 1980's Chile, a politically-charged era of Chilean history, when many people were struggling against the country's dictatorship. Matías struggles with the political situation at the same time as he tries to find himself.

还可以，但本本都这样，讲流行文化摇滚乐队，吸毒性爱就一般了
