This is a new edition of this universally acknowledged practical introduction to astrology for interested amateurs and budding professionals. If you are interested in the zodiac and astrology, let Derek and Julia Parker guide you through the stars and planetary activity. You'll learn the basics of astrology, discover astrological techniques and join them as they take a look at the planets at work. It includes the latest developments in astrology and explores advanced birth chart techniques using midpoints, harmonics and the Moon's nodes. Leave nothing to chance - find out more about your relationships, marriage, career, leisure and health with this definitive guide to astrology.
