In celebration of the the bicentenary year of Charles Darwin's birth and

complementing the Darwin's Cornucopia, Evolution, Science and Art exhibit in Australia, this record highlights the impact of Darwinian thought on Australian art, science, and culture. Comprehensive and unique, this collection of insightful essays reflects upon topics ranging from the voyage of the HMS "Beagle" to bioethics and cloning. This volume shows how pervasive the ideas of Charles Darwin are in the Australian arts and sciences and depicts the great influence his thinking has had in the international community and in cultures the world over.
