It takes a steady hand to arrange the chocolate curls and drizzle the caramel sauce in elaborate designs on top of that sumptuous tiered cake. Whether for food blogs, television, books, magazines, movies, menus, or advertising, food stylists and photographers learn to slice, plate, tweak, and

arrange so the dish becomes less a bit of food and more the work of an artisan. Find out how to get started, what equipment you'll need, how to find clients, insider tips and tricks, and what you don't know about cooking shows!
