出版时间:May 16, 1997

装帧:Softcover

isbn:9780486297156

First compact dictionary to combine definitions of botanical names in general usage with information on their derivation and guides to pronunciation. A monumental index provides a cross-reference from some 1,800 common plant names to corresponding botanical ones. Combines thoroughness, botanical rigor, and interesting facts and lore -- all leavened with touches of humor.
