If you're Irish American or African American or Eastern European Jewish American, there's a rich literature to give you a sense of your family's arrival-in-America story. Until now, that hasn't been the case for Chinese Americans.

From noted historian Mae Ngai, *The Lucky Ones* uncovers the three-generational saga of the Tape family. It's a sweeping story centered on patriarch Jeu Dip's (Joseph Tape's) self-invention as an immigration broker in post-gold rush, racially explosive San Francisco, and the extraordinary rise it enables. Ngai's portrayal of the Tapes as the first of a brand-new social type--middle-class Chinese Americans, with touring cars, hunting dogs, and society weddings to broadcast it--will astonish.

Again and again, Tape family history illuminates American history. Seven-year-old Mamie Tape attempts to integrate California schools, resulting in the landmark 1885 *Tape v. Hurley*. The family's intimate involvement in the 1904 St. Louis World's Fair reveals how the Chinese American culture brokers essentially invented Chinatown--and so Chinese culture--for American audiences. Finally, Mae Ngai reveals aspects--timely, haunting, and hopeful--of the lasting legacy of the immigrant experience for all Americans.
