装帧:Hardcover

isbn:9780521653206

Bjarke Frellesvig describes the development of the Japanese language from its recorded beginnings until the present day as reflected by the written sources and historical record. Beginning with a description of the oldest attested stage of the language, Old Japanese (approximately the eighth century AD), and then tracing the changes which occurred through the Early Middle Japanese (800-1200), Late Middle Japanese (1200-1600) and the Modern Japanese (1600-onwards) periods, a complete internal history of the language is examined and discussed. This account provides a comprehensive study of how the Japanese language has developed and adapted, providing a much needed resource for scholars. A History of the Japanese Language is invaluable to all those interested in the Japanese language and also students of language change generally.

语法是不可能记住语法的，这辈子不可能记住语法的，词汇又都不会，就是只能看看音系这种东西，才能维持得了生活这样子
