Created by David Simon, The Wire is told from the point of view of both the police and their targets. The first season focused primarily on the investigation of the Barkdale drug-dealing crew, while the second season examined the issues confronting the Baltimore waterfront and its unions, along with the continuation of the Barkdale storyline. The book will examine the themes and storylines of the first two seasons, as well as looking ahead to the show's direction for the third and future seasons, interspersing the stories of the real-life people upon whom the show's characters are based. The book will also have numerous photos from the show which capture the flavour of the local Baltimore locations. With an introduction by show creator David Simon, as well as contributions by bestselling and award-winning authors George Pelecanos, Laura Lippman, and Anthony Walton The Wire companion book will enhance the show's appeal for readers and fans.

一位英国友人介绍的美剧，现实题材中的master piece，最早看的是电视剧，实在太爱，又去买了书来补看，书的装帧非常心水，各种昏昏黄黄的照片，一如电视剧中的场景，还是那句老话，不看会死！！
