装帧:Hardcover

isbn:9780804769396

As emotion is often linked with irrationality, it's no surprise researchers tend to underreport the emotions they experience in the field. This book explores the idea that emotion is not antithetical to thought or reason, but is instead an untapped source of insight that can complement more traditional methods of anthropological research.

#### 作者介绍:

James Davies is a member of St Cross College at the University of Oxford, a practicing psychotherapist in the National Health Service (Oxford), and a Senior Lecturer in the School of Human and Life Sciences at Roehampton University. He is the author of *The Making of Psychotherapists: An Anthropological Analysis* (2009).

Dimitrina Spencer is a Postdoctoral Fellow at the Oxford e-Research Centre and a Research Associate at the Centre on Migration, Policy, and Society at the University of Oxford.
