So Damned is about an eleven-year old girl who wakes up basically and finds that she is in hell and that she's dead, and that she's going to be eleven-years old and dead in hell for the rest of eternity. So she has to, number one, make friends and figure out how hell works and make the best of it. But she's also got to figure out why she's in hell and how she died, and then ultimately whether or not she wants to petition to go to heaven, to try and uncover some mistake that might have been made. So it's about an eleven-year old, a very optimistic, cheerful, pushy little girl who finds herself in hell.

Palahniuk的写作方式越来越让人生厌了（翻来覆去地重复短句和condesending地卖小聪明），而且这本书没情节。

突然觉得我浮士德看的次数太多了

可能写成短篇会更好看吧
