The humorous and intricately designed Lewis Chessmen were discovered in 1831, one

of the most significant archaeological discoveries ever made in Scotland. To preserve the hoard as intactly as possible in a public collection, the majority of the pieces were acquired by the British Museum where they are on permanent display. National Museums Scotland holds 11 pieces, again on permanent display. An exhibition of 30 pieces will tour Scotland from May 2010 to June 2011. This is the book produced to accompany the exhibition; it also stands alone. It looks at the mystery and intrigue surrounding the chessmen and their discovery, and shows how the characters reflected society at the time they were made.

## 评论

很难得的刘易斯棋子的介绍书籍。从发现地，背景历史，棋子研究等多方面做了介绍。一本小册子可以收获不少。太喜欢刘易斯棋子了，它完全开启了我对国际象棋乃至象棋类游戏历史文化的热爱。

-----  
补完。世界上最有名的刘易斯棋子。初步了解文物分析手法，分类，不同工匠。将来一定要去看实物。

-----  
最棒的是全套棋子的正面照片、比较丰富的考古内容、以及根据面部识别尺寸和工艺对棋子的分门别类。比大英博物馆那本更有深度。
