What would happen to international politics if the dead rose from the grave and started to eat the living? Daniel Drezner's groundbreaking book answers the question that other international relations scholars have been too scared to ask. Addressing timely issues with analytical bite, Drezner looks at how well-known theories from international relations might be applied to a war with zombies. Exploring the plots of popular zombie films, songs, and books, "Theories of International Politics and Zombies" predicts realistic scenarios for the political stage in the face of a zombie threat and considers how valid - or how rotten - such scenarios might be. Drezner boldly lurches into the breach and 'stress tests' the ways that different approaches to world politics would explain policy responses to the living dead. He examines the most prominent international relations theories - including realism, liberalism, constructivism, neoconservatism, and bureaucratic politics - and decomposes their predictions. He digs into prominent zombie films and novels, such as Night of the Living Dead and World War Z, to see where essential theories hold up and where they would stumble and fall. Drezner argues that by thinking about outside-of-the-box threats we get a cognitive grip on what former U.S. Secretary of Defense Donald Rumsfeld famously referred to as the 'unknown unknowns' in international security. Correcting the zombie gap in international relations thinking and addressing the genuine but publicly unacknowledged fear of the dead rising from the grave, "Theories of International Politics and Zombies" presents political tactics and strategies accessible enough for any zombie to digest.

## 评论

hahahahahahaha，果然是神书，丧尸时代的国际关系理论，但是写的特别严肃，强烈的反差萌，我特别有种把这本书翻译成中文的冲动

-----  
真心有意思，深入浅出！！！！

-----  
这个教授总能别出心裁

-----  
前几章以为眼瞎了……………国关入门

-----  
一本正经的胡说八道...

-----  
Undead crisis

-----  
荒诞虚拟场景下的国际政治政策模拟。最丰沃的研究议题无疑是在这样交叉的土壤里。  
“zombies walk everywhere and only eat local,organic produce...” 类似于此的评论也常常让读者会心。

-----  
learned a great deal about international politics research and zombie altogether

-----  
短小精悍，通俗易懂，不当IR教材太可惜了。

-----  
看得出已经在努力搞笑了，但真是写得既没干货又很无聊啊

-----  
Drezner....what a guy....以及对constructionist黑得很高级233

-----  
一本正经的胡说八道

-----  
神书神书我竟无言以对

-----  
萌点十足，不过放在大一看可能会更好，比当年某老师干瘪迟滞的讲解好多了。

-----  
上课用的书...又你妹是这么冷门的~

-----  
一般

-----  
informative intro to polisci

-----
