Terry Harrison uses his wealth of experience to show how to paint watercolour landscapes the easy way. Terry's own range of brushes are purpose made to help painters create the best effects with minimum effort. This book explains what all the

brushes can be used for and shows what techniques are needed for landscape painting. There is then a series of beautiful step-by-step demonstrations showing the brushes and techniques in action. Following on from Terry's hugely successful Brush With Watercolour, this book has more effects, more techniques and more beautiful paintings.
