This easy-to-use guide is the result of Barry Kalb's work with hundreds of Chinese journalism students from Hong Kong, Mainland China, Taiwan, and Southeast Asia. *You Can Write Better English* corrects common problems native Chinese speakers encounter when trying to write English.

"This little book is a delight, offering a seasoned writer's advice backed up with examples from many years in the classroom with native speakers of Chinese. By writing down his wisdom with a clear, authoritative voice, Barry Kalb has earned a place on the shelf beside Fowler, Orwell and Strunk and White." -- Ford Burkhart, former New York Times and AP foreign desk editor
