Throughout history, some books have changed the world. They have transformed the way we see ourselves - and each other. They have inspired debate, dissent, war and revolution. They have enlightened, outraged, provoked and comforted. They have enriched lives - and destroyed them. Now Penguin brings you the works of the great thinkers, pioneers, radicals and visionaries whose ideas shook civilization and helped make us who we are. Thoreau's account of his solitary and self-sufficient home in the New England woods remains an inspiration to the environmental movement - a call to his fellow men to abandon their striving, materialistic existences of quiet desperation' for a simple life within their means, finding spiritual truth through awareness of the sheer beauty of their surroundings.

There are none happy in the world but beings who enjoy freely a vast horizon.这篇好像是有让人心变得宽阔平静的力量
突然跟靳爷以前说过的一段话产生了好大的共鸣
我也能内心强大到对外在淡然就好了 ㄟㄟㄟ

一种返璞归真的向往和追求
