Wine tourism is experiencing exponential growth and the pressure is now on wine producers to commission the best architects to create appealing spaces that will celebrate and promote the culture of wine. Today's winery is designed as much for the

winery tour as for wine production itself. Illustrated with striking examples of 40 of the world's most beautiful wineries, Wine by Design introduces the most exciting new designs and covers the newest trends from celebrity wineries to the new links with spa therapies and hospitality, to new green, sustainable initiatives.
