

Neuroscience Methods: A Guide for Advanced Students

[Neuroscience Methods: A Guide for Advanced Students_ 下载链接1](#)

著者:Rosemary Martin

出版者:

出版时间:1998-2-25

装帧:Hardcover

isbn:9789057022449

作者介绍:

目录: Table of Contents
In Vitro Preparations
Electrophysiological Techniques
Human Electrophysiology
Application of DrugsMeasurement of Ion Concentrations
In Vivo Techniques and Preparations
Histochemical Techniques
Biochemical Techniques
Production of Antibodies
Blotting and Hybridization Techniques
Expression Systems
Genetic Techniques
Neural Grafting
