Walter Legge was one of the greatest ever record producers. His many other activities included founding a great orchestra, the Philharmonia, which he ran for eighteen years as a 'benevolent dictator'. Music formed the central core of his life, but the printed word was also a vital source of inspiration and education. In his writings Walter Legge reveals clearly the many facets of his own remarkable personality, and from his correspondence with the great names of his day we gain rich insight into the musical world in which he played so great a part.
