A vacant lot, rat-infested and filled with garbage, looked like no place for a garden. Especially to a neighborhood of strangers where no one seems to care. Until one day, a young girl clears a small space and digs into the hard-packed soil to plant her precious bean seeds. Suddenly, the soil holds promise: To Curtis, who believes he can win back Lateesha's heart with a harvest of tomatoes; to Virgil's dad, who sees a fortune to be made from growing lettuce; and even to Maricela, sixteen and pregnant, wishing she were dead. Thirteen very different voices -- old, young, Haitian, Hispanic, tough, haunted, and hopeful -- tell one amazing story about a garden that transforms a neighborhood. Chosen as a state and citywide read in communities across the country: Vermont Racine, WI Tampa, FL Newburgh, NY Boca Raton, FL

An individual can have a great impact on a community. We all look for communication and catharsis. By the help and feeling of protection we get from the community, everyone can be touched, motivated and thus do his/her utmost to participate and devote. And through the work we can get a glimpse of the immigrant background of the Cleveland.
