A young man, determined to be a sailor like his father and grandfather before him, gathers his traveling companions and sets sail for adventure upon the ocean that awaits at his doorstep. Travel alongside our hero as he navigates through one magical moment after another at sea, finally returning home to the ones he loves. Presented with colorful and charmingly detailed illustrations, I, Sailor explores the beauty and majesty of the ocean and its inhabitants, and reminds us all to enjoy the journey as we accomplish our dreams. Written and illustrated by Maria Espluga.
