This collection of interviews brings together seven post-continental thinkers to discuss their own personal academic development, their experiences of graduate school and their hopes for post-continental philosophy. Each thinker has been chosen for their importance, popularity and potential. Opening with a short introduction this book offers a rare insight into the world of academic philosophy from the inside. Acting as a handbook to post-continental philosophy this book will prepare students for the unique challenges facing academic philosophy in the coming years. The following thinkers appear in the book: Graham Harman, Jeffrey Malpas, Lee Braver, Stuart Elden, Ian Bogost, Levi R. Byrant, and Adrian Ivakhiv.
