MRD Foot, Literary Review

"Roderick Bailey's assembly of tales deserves a warm welcome, both for readability - there is not a dull page - and for surprise: a great deal of it is unknown to a general public" --This text refers to the Hardcover edition.

The Spectator

"Told through interviews recorded by the Imperial War Museum...Roderick Bailey has

skilfully braided their stories into a coherent narrative, and the quality of their egregious courage catches at the heart."

--This text refers to the Hardcover edition.
