What do you do when your outspoken, passionate, and quick-witted mother starts fading into a forgetful, fearful woman? In this powerful graphic memoir, Sarah Leavitt reveals how Alzheimer's disease transformed her mother Midge—and her family—forever. In spare black and white drawings and clear, candid prose, Sarah shares her family's journey through a harrowing range of emotions—shock, denial, hope, anger, frustration—all the while learning to cope, and managing to find moments of happiness. Midge, a Harvard-educated intellectual, struggles to

comprehend the simplest words; Sarah's father Rob slowly adapts to his new role as full-time caretaker, but still finds time for word-play and poetry with his wife; Sarah and her sister Hannah argue, laugh, and grieve together as they join forces to help Midge get to sleep, rage about family friends who have disappeared, or collapse in tears at the end of a heartbreak day. Tangles provides a window on the complexity of Alzheimer's disease, and ultimately opens a knot of moments, memories, and dreams to reveal a bond between a mother and a daughter that will never come apart.

看完心里有些戚戚然。作者已经尽力用一些趣事来抵消掉阿兹海默症给整个家庭带来的 something overwhelming。以及很少能看到这样密集排版，而且是实线的border很神奇
