著者:Daniel C. Snell

出版者:Cambridge University Press

出版时间:2010-11-22

装帧:Paperback

isbn:9780521683364

This book is a history of religious life in the Ancient Near East from the beginnings of agriculture to Alexander the Great's invasion in the 300s BCE. Daniel C. Snell traces key developments in the history, daily life and religious beliefs of the people of Ancient Mesopotamia, Egypt, Israel and Iran. His research investigates the influence of those ideas on the West, with particular emphasis on how religious ideas from this historical and cultural milieu still influence the way modern cultures and religions view the world. Designed to be accessible to students and readers with no prior knowledge of the period, the book uses fictional vignettes to add interest to its material, which is based on careful study of archaeological remains and preserved texts. The book will provide a thoughtful summary of the Ancient Near East and includes a comprehensive bibliography to guide readers in further study of related topics.
