"Compost" - what it is, how to make it and how to use it in the garden - is now in paperback. Making compost isn't just simple and satisfying, it will save you spending money on expensive soil conditioners and mulches. There's no need for fancy gadgets.

Discover how to build a simple bin, find the best tools for the job, and learn what type of mix is perfect for the size of your garden. From what's hot to rot, to bins and wormeries, discover how to transform your refuse into fertiliser that'll keep your flowers and plants blooming.
