After the closest-fought season in F1 history, Sebastian Vettel became the youngest-ever World Champion. His car, the Red Bull RB6, the work of a team led by legendary F1 designer Adrian Newey, was the envy of the paddock, proving to be

consistently faster than its rivals over the season. In this fascinating book, the Red Bull RB6 receives the "Haynes Manual" treatment, providing an unprecedented insight into the design, technology and engineering of an F1 car as well as the inner workings of Red Bull Racing.
