For one-semester courses in Introductory Biology for non-majors. Life on Earth, Fifth Edition, introduces students to biology through real-world applications and expanded human-interest case studies that run throughout each chapter. From the authors of

the highly successful Biology: Life on Earth, Eighth Edition, Life on Earth, Fifth Edition, provides the most extensive environmental and ecology coverage of any text on the market, with an Earth Watch feature box that appears throughout the text, and, new to this edition, a chapter covering conservation biology--Chapter 31: Conserving Life on Earth. The Fifth Edition's supplements package has been expanded to include: *NEW! BioFlix animations that cover the most difficult biology topics with 3-D, movie-quality animations.* A dynamic companion website with greatly expanded quizzes with grade book functionality, an e-book, interactive tutorials and animations, flashcards, and more.* An Instructor Resource CD/DVD-ROM that provides everything an instructor needs for lecture presentations in one convenient location.

MyLab或是Mastering系列是在线作业系统。Access Code Card是在线作业系统的访问码，是老师和学生课堂之外网络互动及交流的平台，个人是无法使用这个平台的。请读者注意您购买的这个ISBN是不带Access Code Card的。
