装帧:Paperback

isbn:9780195070323

Discovered one hundred years ago, Aristotle's *Athenaion Politeia* is invaluable to contemporary understanding of Athenian democracy. As a historical record, however, it has been found to be so unreliable that some have questioned its true authorship, and it has remained largely ignored by those studying philosophy and literature. Keaney uses a literary approach to reassert Aristotle's authorship and to present the *Athenaion Politeia* as a document that defies the constraints of any particular genre--probably never intended to be a piece of historical writing. He goes beyond the traditional approach of historical analysis to consider the work as characteristic of a new and innovative genre created by Aristotle, that of empirically-based cultural history.
