Meet Johnny Bunko. He's probably a lot like you. He did what everybody - parents, teachers, careers advisors - told him to do. But now, stuck in a dead-end job, he's begun to suspect that what he thought he knew is just plain wrong. One bizarre night, Johnny meets Diana, the unlikeliest career advisor he's ever seen. She reveals to Johnny the six essential lessons for thriving in the world of work. Packed with smart, counter-intuitive and potentially life-changing advice, it's the first and last career guide you'll ever need.
