Born into a family of wealthy and patrician New Englanders, Edie Sedgwick became, in the 1960s, both an emblem of, and a memorial to, the doomed world spawned by Andy Warhol. Edie was outrageous, vulnerable and strikingly beautiful. Her childhood was dominated by a brutal but glamorous father. Fleeing to New York, she became an instant celebrity, known to everyone in the literary, artistic and fashionable worlds of

the day. She was Warhol's twin soul, his creature, the superstar of his films and, finally, the victim of a life which he created for her. "Edie" is an American fable on an epic scale - the story of a short, crowded and vivid life which is also the story of a decade.

## 评论

.....Twenty minutes later, I looked across the table and the cigeratte was lit and smoking. Edie was there.

82年版。十年一剑。取材恢弘，情节编排流畅起伏。本对主人公的类型不感冒，但精细用心的编辑竟让人有了命运相交和被附身的感觉。好书。
