Have you ever wondered why you feel like you've known someone for years when you've only just met? Why you're so attracted to someone who seems like your complete opposite? How to make your relationships last despite your differences? Linda Goodman seeks to answers these questions perceptively and insightfully. Goodman provides the reader with the means to create their own detailed and unique astrological chart based on time and date of birth. Using her own interpretations of the planetary aspects the reader can compile an individual analysis of how compatible they and their loved ones really are.
