This controversial, impassioned call-to-arms for a return to the ideals that fueled the French Resistance has sold millions of copies worldwide since its publication in France in October 2010. Rejecting the dictatorship of world financial markets and defending the social values of modern democracy, 93-old Stéphane Hessel -- Resistance leader, concentration camp survivor, and former UN speechwriter -- reminds us that life and liberty must still be fought for, and urges us to reclaim those essential rights we have permitted our governments to erode since the end of World War II.

这是一本非常薄的小册子，但几乎是西方左派的红x宝x书，值得带着常翻翻。是一个老人一个智者对社会问题的呐喊和对青年的建议。The worst attitude is indifference.  
介绍给关心人类的友邻们。
