This is the book that makeup fans have been waiting for - Bobbi Brown's twenty-five-plus years of makeup styling experience distilled into one complete, gorgeous book. Bobbi looks at everything from skincare basics to every aspect of facial makeup - from how to find the right colour and type of foundation for any skin tone to

how to apply every detail of eye makeup (brows, eyeliner, eye shadow and eyelashes) no matter the eye colour and shape. Of course there are never-before-seen tips on blush, bronzer, lip liners, lipstick and more. And Bobbi looks beyond the face with informative chapters on head-to-toe beauty and the science of skin.
