Lee Friedlander (b. 1934) has been tackling the challenge of self-portraiture throughout his prolific career. What began as an unorthodox investigation of the genre has become a masterful engagement spanning five decades. In this extraordinary compilation, which includes hundreds of previously unpublished pictures, we follow the famous photographer through the years as his personal and creative lives unfold and intertwine. Produced to the highest production standards and featuring over 400 duotone images - from his first self-portraits, taken with cable release in hand, to recent images of the photographer with his family and extended network of friends - "In the Picture" explores Friedlander's various guises throughout a rich and colourful life.

专注自拍半世纪

也打算开始进行自己的遗像计划了，每月两三张，看看最后能攒起来多少

一个人的年轻到衰老，黑白影像抒写的家庭的历史。

自拍作品早已成为Lee Friedlander个人成就中很重要的一部分。2011年，耶鲁大学出版社出版了这本最新的Lee Friedlander自拍摄影集，时间范围从1958年到2011年，算是迄今为止收录他自拍作品最全的一本摄影集了。虽然这本书很厚，照片很多，但真的是张张精彩，你能充满兴致地从头翻到尾。

有趣的，再翻发现自己饱含深情，好像要看望老朋友。

-----  
很多人不喜欢他自恋式的拍摄，倘若你认真看完这本，你会感动，甚至流泪，一个摄影师的一生，大抵如此吧
