Get your craft and art pieces noticed with great photography. The Crafter's Guide to Taking Great Photos is your must-have guide to learning to shoot better photos, with tips and advice written specifically with artists and crafters in mind. Amidst the sea of

handmade jewelry, apparel, housewares, art, and other crafts that populate blogs, websites, and online marketplaces, you need to make your items stand out. The key is great photography. Beautiful hand-crafted garments, jewelry, artwork, textiles, and home accessories can all be undermined by poor or uninspired photos that fail to represent the detail, color, and artistry of your creations. With The Crafter's Guide to Taking Great Photos you'll learn that you don't need expensive equipment and a professional photo studio to get quality results. Heidi Adnum teaches you how to achieve high quality results with instruction on how to make your own lightbox, use natural lighting, and properly capture the detail. Broken down into specific craft areas, you'll find tips on how to best generate eye-catching images that will help showcase and sell your items. With the economical photo expert tricks-of-the-trade inside The Crafter's Guide to Taking Great Photos you'll be on the fast-track to boosting your online presence and jump-starting your crafting business.
